HAVE YOUR CAKE AND LOOK GOOD TOO

At last, an underwear company that understands. Helen Rodrigues Shapewear knows women want to look their best whatever the occasion and whatever the time of year and knows they don't want to curb their lifestyle to do it.

Which is why Helen Rodrigues Shapewear has not one, not two, not even three different styles of undergarments to shape and sculpt a woman's body the way a woman likes it, they have fourteen.

From sculpted Shaper Briefs to full body Reduction Suits to streamlined high waisted leggings, there is a design to suit every woman's body needs. Whether you want to enhance your waist, reduce your thighs, encourage your butt or just look good all over, Helen Rodrigues Shapewear will do it for you. No knives, no suction, no diets, no feint worthy corsets, just quality designed style and fabric from Brazil, where all women look good.

After all, Helen Rodrigues should know. As the founder of Sydney's leading bridal couture boutique in Sydney and exclusive stockist of Vera Wang and Monique Lhuillier, Helen Rodrigues has watched women struggle to find the perfect under shape with no visible lines for the biggest day of their lives.

Their struggle inspired her to create her own range to help women look their best, always. With a unique technology designed to lift, separate, reduce, enhance and create curves and lines, Helen Rodrigues Shapewear works with a woman's body, not against it.

The extensive range of Shapewear under products instantly smooth the figure, eliminating any visible panty line and nasty muffin top bulges leaving just a perfect sexy silhouette under your favourite little black dress.

You won't know you are wearing it and best of all, neither will anyone else!
